Objective

Enthusiastic MERN Stack Developer with hands-on project experience in React.js, Node.js, Express.js, and MongoDB. Strong understanding of frontend development and API integration, with a focus on building responsive, user-friendly web apps. Eager to contribute to a dynamic team and grow as a professional developer.

Education

Ajay Kumar Garg Engineering College   **2021 - 2025**
B.Tech in Computer Science & Engineering; CGPA-7.65

Skills

Languages: JavaScript , C++ , C
Web Technologies: React.js, HTML5, CSS3, Bootstrap, REST APIs , Node.js, Express.js
Databases: MongoDB , SQL
Developer Tools: VS Code, GitHub
Familiar:Canva,Postman,Tailwind CSS

Projects

Vibestay – Hotel Review & Listing Web Application   Link
- Tech Stack: Express.js, MongoDB, EJS, Multer, Passport.js, Nodemailer , MVC Architecture.
- Developed a dynamic hotel listing and review platform using Express.js and MongoDB, enabling hotel owners to register hotels and users to view listings with reviews.
- Implemented user authentication and role-based access control using Passport.js, and secure image upload with Multer, following MVC architecture and RESTful API design principles.
- Used EJS for dynamic templating and server-side rendering, improving user experience and backend control flow.

Landing Page Website (Dr. Rammanohar Lohiya Inter College Kishni)   Link
- Role: Freelance Web Developer
- Technologies: HTML, CSS, JavaScript
- Built a fully responsive portfolio website using HTML5 , CSS3 , Javascript showcasing projects with a clean, modern UI optimized for all devices.
- Implemented semantic HTML tags to enhance structure and improve SEO performance for better search engine visibility.

Work Experience

Freelance Web Developer   **Remote**
Self-Employed / Independent Client Work
- Built responsive websites for two schools, focusing on UI/UX, performance, and mobile optimization using HTML, CSS, JavaScript.
- Worked directly with school staff to collect requirements and deliver customized solutions.

Certifications

Infosys Springboard Certification – JavaScript   Link
- Completed a JavaScript certification focused on core concepts, DOM manipulation, ES6 features, and building interactive web functionalities through hands-on projects.

React.js Certification   Link
- Earned a React.js certification covering component-based development, hooks (useState/useEffect), props handling, and building responsive, dynamic user interfaces.

Achievements

- Solved **200+** DSA problems on various coding platforms like LeetCode , CodeChef , HackerRank.
